  - A. Greater Sage Grouse - Marty Drut discussed the decline of the Greater Sage Grouse in Canada, including Southern Alberta, and the possibility of GN signing on to a lawsuit by Ecojustice against the Federal Government for not protecting the Sage Grouse habitat. The pros and cons of joining the lawsuit were actively debated in terms of the importance of protecting the Sage Grouse and implications in terms of legal cost liability and possible negative reactions from local ranchers. Marty presented 3 options:
    - Not sign on to the lawsuit,
    - Sign on to the legal action regardless of the possible legal cost liability,
    - Sign on to the law suit provided that GN is indemnified for associated costs.The above discussions led to two motions:  
Motion #1 moved by Rob Gardner and seconded by Gary Martin; "GN members support a possible lawsuit against the Government of Canada concerning the protection of the Sage Grouse provided that the total cost to GN does not exceed \$500". Vote: 6 in favour and 8 against (motion defeated).
