

**Fund Raising Committee Report to GN AGM, May or June,2021**

2020 was another very quiet year for Fund Raising along with the rest of the world.

We did again receive a \$500.00 donation from Methanex which has been earmarked for the upcoming Climate Change Symposium.

We also applied to Eco-Trust Alberta for a \$3850.00 Grant for the Scenic Views of Medicine Hat project and should be hearing back the end of May.

As you are well aware, we have received no Casino Funding Casino in 2020 and are waiting to get a new date, hopefully in the Fall of 2021.

And that's the extent of our 2020 activity this year.

Respectfully submitted,

Hugh Armstrong,  
Fund Raising Committee Chair
